Career Conversations with Languages Alumni: Yipeng March Wang

Hosted By: Dr. Hong Li, Director of ECLC

Yipeng March Wang graduated from Emory College in 2005 with a BA in Philosophy and Chinese. In the past 13 years, March has been working as a Chinese teacher in several K-12 schools in Atlanta. Currently he teaches Math, Science, and Social Studies in Chinese at Oakley Elementary School Dual Immersion Program. He was awarded the Teacher of the Year in Oakley Elementary School in 2018. March is a true fan of confiscating candies from little children and teaching them the importance of a bi-lingual education. His goal is to one day own an Esports team and prepare his students for the rigor of life.
